EUROSIM – Federation of European Simulation Societies

EUROSIM, the Federation of European Simulation Societies, was set up in 1989. The purpose of EUROSIM is to provide a European forum for regional and national simulation societies to promote the advancement of modelling and simulation in industry, research, and development.

EUROSIM Members may be national simulation societies and regional or international societies and groups dealing with modelling and simulation. At present EUROSIM has eleven full members and three observer members:

- ASIM Arbeitsgemeinschaft Simulation; Austria, Germany, Switzerland
- CROSSIM Croatian Society for Simulation Modeling, Croatia
- CSSS Czech and Slovak Simulation Society; Czech Republic, Slovak Republic
- DBSS Dutch Benelux Simulation Society; Belgium, Netherlands
- FRANCOSIM Société Francophone de Simulation; Belgium, France
- HSS Hungarian Simulation Society; Hungary
- ISCS Italian Society for Computer Simulation; Italy
- PSCS Polish Society for Computer Simulation; Poland
- SIMS Simulation Society of Scandinavia; Denmark, Finland, Norway, Sweden
- SLOSIM Slovenian Simulation Society; Slovenia
- UKSIM United Kingdom Simulation Society; UK, Ireland
- CEA-SMSG Spanish Modelling and Simulation Group; Spain, Observer Member
- LSS Latvian Simulation Society; Latvia, Observer Member
- ROMSIM Romanian Society for Modelling and Simulation, Romania, Observer Member

SNE – Simulation News Europe. EUROSIM societies are offered to distribute to their members the journal Simulation News Europe (SNE) as official membership journal. SNE is a scientific journal with reviewed contributions in the Notes Section as well as a membership newsletter for EUROSIM with information from the societies in the News Section. Publisher are EUROSIM, ARGESIM and ASIM. www.argesim.org, www.asim-gi.org

EUROSIM Congress. EUROSIM is running the triennial conference series EUROSIM Congress. The congress is organised by one of the EUROSIM societies. EUROSIM 2007 took place in Ljubljana, Slovenia. EUROSIM 2010 will be organised by CSSS in Prague, September 5-10, 2010; snorek@fel.cvut.cz

EUROSIM Events. The trademark *EUROSIM Event* is offered to societies and groups organising international conferences on modelling and simulation (with benefits for members and organisers). Some benefits for members and organisers are reduced membership fee for members of EUROSIM societies, mailing lists, advertisements, information materials, Proceedings at the EUROSIM Web Server, Proceedings with ARGESIM Publisher, Special Issues of SNE and SIMPRA. At present UKSIM is running its conferences under the EUROSIM flag. In 2009, MATHMOD Vienna could be welcomed as EUROSIM Event
